## Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much nervous sickness and suffering may be avoided. The operating table and the surgeon's knife, would, if this medicine had been employed, have been seldom resorted to. The Favorite Prescription has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of women's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

## STRIKES AND RIOTS.

Fort William, Ontario, for the first time in its history, is under martial law. A thousand dock laborers, principally Greeks, Hungarians and Italians, who have been on a strike for a week, enraged by the arrival of special Canadian Pacific police from Winnipeg, were incited to riot, and 300 of them engaged in a pitched battle with the police at noon yesterday around the Canadian Pacific freight sheds. Two dozen men were injured, three, at least fatally, including Chief Bailor, of the railways companies local force.

The strikers had 25 constables penned up in the Canadian Pacific Railroad bunkhouse and shots were heard all the afternoon. Soldiers are guarding the district.

The city police department is absolutely unable to cope with the situation. It was impossible to control either the imported Canadian Pacific constables or the dock strikers. The strikers are intensely aroused and they shoot in any direction, regardless of who is in the way. Friends and foes look alike.

It was a day of murder and disturbance in the Pittsburgh, Pa., strike zone. One man dead, about twenty wounded and with 8,000 strikers shouting for blood, is the condition at McKees Rocks last night at the strike of the Pressed Steel Car Company. Another feature of the affair is that the sheriff of Allegheny county has rebelled against methods employed by the Pressed Steel Car Company, and has ordered them to evict their own tenants from their houses if they want them sent away. He will not do it. Rioting and bloodshed began early yesterday. Long mobs of strikers paraded the streets. Wednesday night, making life uncomfortable for those they caught abroad. Many innocent persons were beaten. As was stated in the Gazette, Major Smith, a giant negro employed by the Malleable Iron Company, inside the plant, was on his way to work when he was attacked by a mob of fifty strikers. Smith killed Stephen Horvat, one of the strike leaders, and wounded four others before his gun was emptied. The colored man was beaten almost into insensibility.

## THE WAR IN MOROCCO.

Two delegates from the Rif tribesmen who are opposing the Spaniards in front of Melilla have arrived at Tangier, Morocco, from that place. It is understood that their mission is to consult the Spanish legation and the Moroccan government in the matter of arranging conditions of peace. The tribesmen left Melilla with the permission of General Marica, commander of the Spanish forces in Morocco.

The Moors who Wednesday were firing on the Spanish garrison at Penon de la Gomera, have been driven by artillery fire to the distant hills. Their losses were considerable. The bombardment of their present positions is being continued. On Wednesday night the Moors succeeded in retreating to the sea front, and from their positions they sent in a heavy fire on the garrison. The gunboat General Concha replied vigorously. Two Spaniards were wounded. A Spanish convoy that marched out of Melilla Tuesday, was attacked by the Moors. The Spanish losses in the engagement are not reported, but the Moors had six men killed, and many wounded.

## MORE TROUBLE IN PERSIA.

A special dispatch from Teheran says that Mohammed Ali, the deposed shah of Persia, will leave the country August 17, and that the young shah, who is the favorite son, is dislocated at the prospect of a separation from his parents.

According to report current in Teheran, the youthful ruler recently made an unsuccessful attempt at flight, and when he was frustrated in this he tried to commit suicide. The government is considering the possibility of his abdication in favor of some one else.

Many complications face the new government of Persia. Several of the nomad tribes, as well as the cities of Shiraz and Kashgar, have refused to recognize it. A brother of the deposed shah, Salar-ed-Dowleh, is marching on Teheran at the head of a Kurdish tribe from Luristan province.

## DROWNED HER CHILDREN.

Mme. B. E. Gayan, the wife of the Argentine consul general at Budapest, Hungary, in a sudden fit of madness yesterday drowned two of her young children in the sea at Olkveusica and was restrained with difficulty from putting an end to the lives of her third child and herself. Mme. Gayan and her three children were walking on the beach when the woman without warning, seized her children in her arms and rushed into the sea. The two youngest—the eldest was only five years old—were drowned before people on the beach could interfere. In frantic efforts to drown the third child and herself the mother fought her rescuers until she fell exhausted.
